

# Get Ready to Shake Out.

UCSF Health Emergency Management wants you to **Be UCSF Ready** for earthquakes. On October 18 at 10:18 am all staff are encouraged to participate in the Great ShakeOut drill, the world's largest earthquake exercise. For hospital environments, an overhead announcement will be made and a WarnMe message will be sent. All staff, as able, are encouraged to practice earthquake safety maneuvers: drop, cover and hold on.

**October 18, 10:18 a.m.**
